

FACT SHEET

Vi-Slim®

Help Keep Your Metabolism Burning Bright with Vi-Slim†

What is it?

A metabolism-boosting tablet that helps support the body's ability to metabolize fats and carbohydrates. When combined with a healthy diet and exercise, it helps support the body's fat-burning process to help promote lean muscle mass without leaving you jumpy and jittery.†

What does it do?

Vi-Slim uses a proprietary formula of natural herbs, extracts and other ingredients to help support your metabolism and your body's fat-burning process, helping you to burn more calories each day. This can add up to a lot of pounds per year! All this is accomplished without ephedra, added caffeine or other stimulants (often found in other brands) that may cause jitters.†

Key ingredients

- **ForsLean® Coleus Forskohlii Extract** — a patented form of *Coleus forskohlii* extract that is clinically shown to help promote lean body mass†
- **Yerba Mate and Chocamine® Cocoa Extract** — to help support your metabolism, energy and mood†
- **Green Tea Extract** — supports thermogenic activity, which can help burn calories†
- **Evodiamine Extract** — a unique herb used for hundreds of years in teas and other products to help support the metabolic rate and help the body burn fat†

Goals

- Weight loss
- Active
- Fitness
